

# How to Add a Canvas Template to Your Canvas Shell

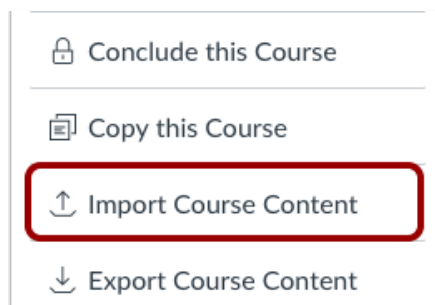

## Step 1:

In the course shell you want the template, open your course settings.

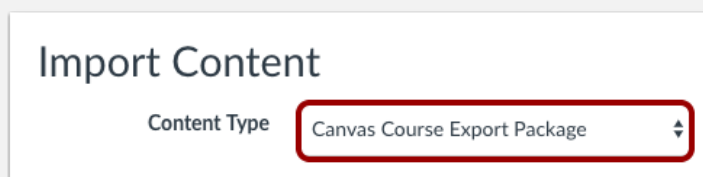

## Step 2:

Select "Import Course Content" from the right-hand side menu.

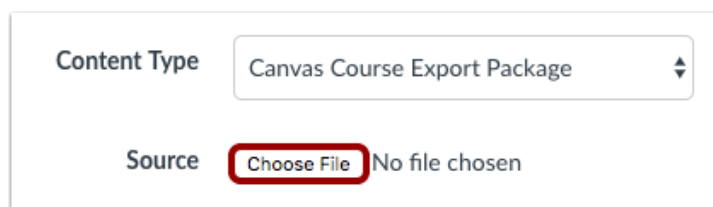

## Step 3:

Select "Canvas Course Export Package" as the content type from the drop-down menu.

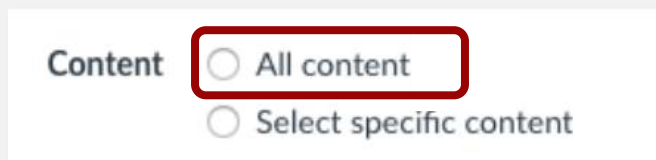

## Step 4:

Click "Choose File" and locate the template file you downloaded (.imsc file).

## Step 5:

Select "All Content" to migrate the entire template into your shell.

## Step 6:

Click "Import" to begin importing the template into your course.
