

Find and Download Zoom Cloud Recordings

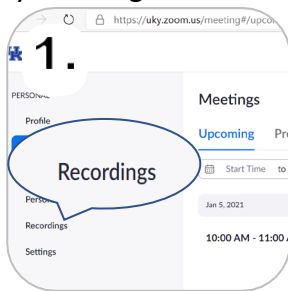

Step 1: Log-in to Zoom

1. Navigate to <https://uky.zoom.us>, 2. log in with your email (loginID@uky.edu) and link blue password, and 3. hit the 'Sign in' button.

Step 2: Find your Cloud Recordings

Under the 'Personal' menu to the left of the screen, 1. click on Recordings, and then 2. click on the 'Cloud' tab if it isn't currently showing.

Step 3: Downloading your Cloud Recordings

Within 'Cloud Recordings,' 1. scroll to find the recording you wish to download, click on the 'More' button, and 2. select the 'Download' option.

Step 4: Finding the downloaded files on your local machine

This process will download multiple files (.m4A, .mp4, .vtt, etc.) to your local machine; you will want to find the .mp4 (video) files wherever your browser downloads files.
